Helpful information

1. Some types of businesses may not be allowed within specific zoning districts. Approval of a Business Registration does not constitute permission from the City to operate any business in violation of the Zoning Ordinances, other Ordinances of the City, or other State or Federal laws or regulations governing the operation proposed.
2. A Home Occupation business must be conducted by a family member residing upon the premises. No sign or other advertising display other than one non-illuminated sign attached to the building entrance which is not more than one square foot in size; provided that no commodity is sold upon the premises except that which is prepared thereon; provided that no person is employed other than a member of the immediate family residing thereon; and provided that no mechanical equipment is installed or used

except such as is normally used for domestic or household purposes.

3. An Address of Record refers to a permanent address for "the public record" when the actual work or business is conducted at a different non-permanent location.
4. Any change to a business requires that an amendment application be submitted to the City Clerk's office for approval at the time of the change.
5. Each independent agent/consultant of a parent company must maintain a City Business Registration unless a blanket registration is maintained by the company (e.g., booth rental, Avon, etc.).

The completed application for a City Business Registration may be submitted to the City Clerk's office in person or by mail, along with the registration fee of \$35.00. Please allow at least fifteen business days to process your application for a Business Registration. You may not engage in business activity until your application has been approved. You may call the City Clerk's office to inquire on the status of your application. If your application is denied, City Staff will notify you.

A City Business Registration Certificate will be mailed to you within 30 days of the approval of your application. The Certificate must be posted on the premises. Duplicate certificates cost \$10.00.

Special Business Licenses

There are several types of businesses that require a City Business License rather than a Business Registration. These types of businesses require an investigation of the applicant and other special requirements such as bonds, certificates of insurance, State liquor licenses, etc. The fees for these licenses range from \$35.00 to \$250.00. Applications and information regarding Business Licenses may be obtained from the City Clerk's Office.
